

TRANSPORT PACKAGING SOLUTIONS

# FrameCut Profile

Flexible and cut according to your needs

- Multiple applications
- Protection and stability
- Environmentally-friendly
- 100% recyclable carton board

**Sustainable packaging is your contribution to the environment**

FrameCut Profiles can be used in many different ways in all industrial sectors that use transport packaging. Strong and high-quality profiles are cut to the required length using a special production method. Rigorous tolerances and Eltete quality control secure the end result.

**Lid – Top and Bottom**

- Combine with honeycomb board or other material
- Cushion, stability
- Strapping protection

**Collar –Top and Bottom**

- Stapled directly to a pallet
- Keeps goods together
- Gives stability

**Box**

- Add extra strength to corners
- Security for shipment and storage
- Stacking strength

**Fast and easy handling with FrameCut Profile!**

**Strength** - Strong laminated profiles made of high-quality raw materials provide extra strength for your packaging unit.

**Stability** - Keeps the products together giving stability and security for shipment or storage.

**Regulations** - ISPM-15-compliant FrameCut Profile is accepted anywhere in the world without restrictions.

**Savings** - By reducing packaging material, you will need less space in the warehouse and you can load more. Material, weight and volume reduction are the keys to huge savings.

**Environment** - Your company CO<sub>2</sub> footprint will be reduced by using 100% -recyclable and single-material carton packaging.

**OPTIMISE AND SECURE YOUR TRANSPORT PACKAGING**
